The Govt is prepared to grant the large loan asked for. Effect, it has to be ascertained with as regards security now remains as they stood in March/94.

19-8-95

The application is certainly more reasonable than the one for giving a Coffee Estate!

Please ascertain if the security remains satisfactory & also call for a detailed estimate of the several works intended to be undertaken during the present & the period for which & all the usual particulars must also be given.

Tiptur District.
Deputy Commissioner's Office.
Tiptur 2nd May 1891.

To

The Chief Secretary to the
Government of Mysore.

Sir,

I have the honor to submit the accompanying application under Act No IV of 1890, from B. Venkata Row of Kadogattur in the Maddagiri Taluk for a loan of Rupees 4 000 for the purpose of improving his lands. The applicant holds lands extensively in the 6 Villages named in the margin. The loan has been asked to revet 6 wells with stones, to repair 2 tanks built at the applicant's own cost, and to cut a feeder channel from the Jayamangli river.

1. Kadagattur.
2. Goondagall.
3. Akarahalli
4. Doddadhavatta.
5. Vitalapura
6. Parthihalli.

2.

2. The applicant proposes to (3)
pledge all his lands (dry wet
and garden) situated in the
above Villages, which are free
from encumbrances and are
valued by Panchayetdars at
Rupees 9755 which is more than
double the loan asked for.
In addition to this security, he
offers to give one Puttanarnappa
a well-to do Shanbhogue of 10
Villages in that Taluk as per-
sonal surety. He agrees to repay
the loan by 12 annual instal-
ments with interest at 6¼ per
cent per annum.

3. Under these circumstances
I beg to recommend that the
loan may be granted on the
security tendered.

4. I may add that the ap-
plicant owns besides the lands
above

above allu
in Kadagattur
more loan and Gover
lands, and that he keeps
Government revenue in arrears.

5- The Amildar's report No 788
dated the 28: Ultimo together
with 6 Enahazars by Panchayet
-dars is also submitted for
further reference-

No. 58

14

Tumkur District
Deputy Commissioner's Office
Dated 30th April 1891.

To,

The Chief Secretary to the
Government of Mysore.

Sir,

I have the honor to submit the accompanying application, under Act No. IV of 1890, from B. Venkat Rao of Kadagattoor in the Maddagiri Taluk, for a loan of Rs. 4000/- for the purpose of improving his lands. The applicant holds lands extensively in the 6 villages named in the margin. The loan has been asked to revet 6 wells with stones, to repair 2 Tanks built at the applicants own cost and to cut a feeder channel from the Jayamangali river.

1. Kadagattoor
2. Goodagal
3. Akarlahalli
4. Doddadhalivatta
5. Vitalapoora
6. Partahalli

2. The applicant proposes to pledge all his lands (dry, wet and garden) situated in the above villages, which are free from encumbrances and are valued by Panchayetdars at Rs. 9757/- which is more than double the loan asked for. In addition to this security, he offers to give one Puttanarayappa a well-to-do Shanbhog of 10 villages

in that Taluk, as personal surety. He agrees to repay the ——— loan by 12 annual instalments with interest at 6¼ percent per annum.

3. Under these circumstances I beg to recommend that the loan may be granted on the security tendered.

4. I may add that the applicant owns besides the lands above alluded to, a large house in Kadagattoor as well as some more Inam and Government lands; and that he keeps no Government revenue in arrears.

5. The Amildar's report No. 788 dated the 28th ultimo together with 6 Mahazars by Panchayetdars is also submitted for further reference. —

No 880
Rec: 27 a/ar:
file

Deputy Commissioner's office
Tumkur District
Dated, Tumkur, 22nd
April 1897.

To
The Secretary to the Government
of Mysore, General and Revenue
Department

Sir,

With reference to the Correspondence ending with your docket No: 3767 dated the 9th October 1896, Regarding the application of B. Venkata Rao of Hadagattur in the Maddagiri Taluk applying for a loan of Rupees 4000 under the Land Improvement Loans Regulation No. IV of 1890, I have the honor to state that I conducted the local enquiry myself at Hadagattur on the 26th January 1897.

2. Lists shewing the works proposed to be executed with the aid of the loan applied for and the lands to be thereby benefited as well as of other lands offered as collateral security, (marked A and B) are herein enclosed. All these lands are now in the holding

of the applicant B. Venkata Rao and are unincumbered. The applicant & grown-up sons assent to the proposed improvements and to the offer of all the lands as security for the repayment of the loan. The market value of the lands which will immediately benefit by the improvements is Rupees 5,510/, while that of the lands offered as collateral security is Rupees 4,375. Thus the market value of the land exceeds by one fourth the amount of the loan applied for. The value of the lands will certainly be enhanced by the improvements proposed to be effected.

3. The applicant is a large land holder; he pays to Government Kandayam amounting to Rupees 848-5-6 annually on account of lands in the villages of Kadagattur, Gundagal, Villapur, Doddadhalvatta, Yekarla halli, and Parthi halli, all in the Madagere Taluk. The applicant proposes to repay the loan by twelve annual instalments,

each annual payment at the reduced rate of interest of 5 Rupees per cent amounting to Rupees 461-4-5. From the Inahbajero drawn up by the villagers, it is apparent that the applicant derives, in ~~the~~ years of average prosperity, ~~of~~ a profit of Rupees 1730-- from the lands owned by him in the six villages referred to above, so that the applicant's ability to pay the annuity is beyond question.

4. The works for which the loan is required by the applicant are as follows

(1) Improving the well at Kadagattur in Survey no 147 Estimated amount being Rupees 500--

(2) Do- Do- in Survey no: 130 Estimated Amount being ..... Rupees 350--

(3) Do Gundagal do no: 62 Estimated Amount being ..... Rupees 350--

(4) Do - no: 65- Do- Rupees 75--

(5) Do- no: 177 Do- Rupees 200--

(6) Do- Doddadhalvatta in Survey no: 5. Estimated amount being ..... Rupees 500--

Total Rupees 1975--

(7) Cost of improving the Tank at Vittalapur and Excavating a feeder channel from the Jayamangalee River. Rs: 2,158-a-

Grand Total Rupees 4,133-a-

5. I have seen all the wells as well as the tank above referred to. The wells do not require any professional skill, the works proposed in regard to them, consisting of Excavation and stone revetting, which are done by ordinary Waddars in the Country. The plan and estimate for the improvement of the tanks at Vitalapur having been prepared by a D.P.W. subordinate, they may also be accepted. The tank is situated on the frontier and its surplus flows into the Jayamangalee River and does not interfere with any Government tank either below or above it. The Executive Engineer's opinion on the proposed tank work has also been called for as required by the Rules, but has not yet been furnished.

× Since received vide Inwards No 4235 6-5-97 (Inward)

6. The Childless widow of a younger brother of the applicant sent a petition to me objecting to the grant of the loan on the security of the lands in question on the ground that she possessed a third interest for life in them. I sent for her and questioned her as to the genuineness of her petition. She deposed before me to the effect that she had no objection to the acceptance of the lands as security. Vide paper No 52 in the file.

7. Under these circumstances, I strongly recommend the grant of the loan of Rupees 4,000 applied for by Venkata Rao, repayable with interest at 5 per cent in twelve annual instalments as agreed to by him. There is ample security for the loan in the lands which will be benefited by the proposed improvements as well as in those that are offered as collateral security

Rec. 29th April
estimate

Deputy Commissioner's office

Tumkur District

Tumkur 6th May 1897.

To.

The Secretary to the Government of
Mysore, General and Revenue Departments.

Sir,

In continuation of my letter No 880 dated 22d April 1897, recommending the grant of a loan of Rupees 4000/- under the Land Improvement Loans Regulation to B. Venkata Rao of Kada-gattur in the Maddagiri Taluk, I have the honor to submit herewith copy of Executive Engineer's letter No 255 dated 24th April 1897 and the estimate and plan of the proposed works received with it.

I have the honor to be
Sir,

your most obedient Servant

M Narain Rao

Deputy Commissioner

W.

water for 2 "Kaples." One Kaple with a lift of 20 to 30 ft. can irrigate 2 acres of wet land or 8 acres of dry crop. The 6 wells can irrigate 24 acres of wet land or 100 acres of dry.

The applicant also requires Rupees 2000/- for repairing a small tank in Vitlapur village and increasing its capacity by raising its weirs 2 ft. The tank is fed by a feeder channel from the Jayamangli. After the tank dries, a talpariga channel is cut from the river some distance below the feeder channel above referred to. The talpariga channel takes the water direct to the fields under the tank. The applicant wants to widen the feeder and talpariga channels. I think the expenditure proposed on the tank and channels desirable. Estimate and plan are herewith sent. There

are

are 50 acres of land under the tank. I think the whole of the amount of Rs 4000/- asked by Venkata Rao may be paid to him, but I would not pay the whole amount once for all but pay in 8 instalments of Rupees 500/- as work is progresses. Rupees 500 can be paid 1st as advance and after work is done for the amount, the second instalment may be paid.

I have &c

Executive Engineer's Office
Tumkur Division
Dated 24/26 & April 1897.

From The Executive Engineer
Tumkur Division
To The General Assistant Commr.
Tumkur District.

Sir,

I have the honor to return herewith your No: 83 dated 15-12-96 with enclosures regarding a loan asked for by Shanbogue B. Venkata Rao of Kadagatur. Report by Overseer No: 1 Sub Division is also enclosed. It will be seen therefrom that the applicant wants a loan of about Rupees 2000/- for 6 wells. Two of these wells are under the Kadagatur Tank, 2 under the Gundgal Tank and one under the Doddalwatta and one is in Survey No: 62 of Gundgal irrigating 1½ acres of land

under Gundagal Tank and 4½ acres of garden land not commanded by the tank. It will thus be seen that all the lands except 4½ acres proposed to be irrigated by the wells are wet lands dependent on 3 Major tanks and assessed with wet Kandayam.

The six wells are all old wells. The repairs proposed to be carried out consist of deepening the wells and rebuilding of revetment. Such repairs cost by no means less than that required for the excavation of new wells. The amounts required will therefore be somewhat more than has been stated in the applicants' petition but not less. As the well water will be used only when there is no water in the tanks, the capital sunk in the construction of wells will remain idle as long as there is water in the tanks. Each of the wells can at least supply

water
